

Thank you for choosing Dallas Kidney Specialists, P.A. for your health care needs. We will strive to provide you the most complete and up-to-date care possible.

We believe that patient education is one of the most important tools that we have to keep patients healthy. We strive to offer convenient, high-quality care and develop partnerships with our patients for lifelong kidney health. We are committed to caring for the entire spectrum of complex kidney disease' such as acute kidney injury, glomerular disease, dialysis, transplant, and more.

We are proud of the highly qualified and dedicated professional staff at Dallas Kidney Specialists, P.A. and of their devotion to restoring health, promoting wellness, and providing contentment in an encouraging and caring environment. We aim to do all we can to earn your trust and fulfillment. We know patients have several options when choosing a health care provider. We would like to express our sincere appreciation for having the chance to be yours.

Enclosed are the forms that need to be completed prior to your visit. Please have all forms completed to the best of your knowledge prior to your appointment. It is very important that you bring all your current medications in their original containers. This includes prescribed medications, herbal supplements, vitamins, and over-the-counter medications.

By providing full, complete and current information to your doctor, it can improve your health and prevent potential problems.

We look forward to seeing you.

Respectfully,

Adriana B. Cano, M.D.

Swathi P. Ganaraj, M.D.

Peter Choi, M.D.

Sailaja Adari, M.D.

Jeffrey R. Thompson, M.D.
